Bus Arrival Notifications

Planned Stop Information

Access to All Children in the Family

Incoming Transportation Messages

Apple (iOS) and Android

Secure Access

Edulog Parent Portal lets parents see the time and location planned for school bus arrival at their child's bus stop. The app also lets them view the location of the school bus to gauge arrival times each day and sends a push notification to their smartphone when the bus enters a user-defined geographic area around the stop. Parents only receive access by registering with data unique to their child. It's all information to help parents feel secure about their child's trip on the school bus!
