

Theatre 1-2

Greek Theatre Project

Create your own Greek Tragedy in 6 easy steps! Simply follow the directions below!

Step One:

Read your myth. Make sure you understand the plot completely.

Step Two:

Create a cast list for your script. You will either play a named character or a chorus member. If you only have a minor named role, you should become part of the chorus whenever you are free. (10 points)

Step Three:

Develop your own outline for your myth using the structure of the Ancient Greek tragedies. (See reverse for plot structure- 20 points)

Step Four:

Create a paper mask based on the most prominent features of your character. The chorus may have matching masks. If you play multiple characters, you can make a reversible mask. (15 points)

Step Five:

Rehearse your story- remembering to include broad vocals and gestures. Chorus actors must speak and gesture in unison. (daily participation points)

Step Six:

Perform your piece proudly- with masks and any additional costumes- on the grassy knoll. (70 points)

Choral Ode 1:

Episode 2:
