

Community Use of School Facilities  
NEW STATE LAW ON CONCUSSIONS

Each organization must provide guidelines, information and forms to inform and educate coaches, pupils, and parents of the dangers of concussions and head injuries and the risks of continued participation in athletic activity after a concussion.

Before a student participates in an athletic activity, the student, the student's parents, and the coaches shall participate in a program to educate the participants of the danger of concussions, head injuries, and the risk of continued participation in an athletic activity after a concussion.

All groups or organizations that request use of district-owned or operated property or facilities shall submit to the school principal a written document describing the group's or organization's program and verifying that the program of concussion prevention is in compliance with the law. The document shall include a description of the program and how to prevent them.
