Follow the West Wing Way! Have respect, compassion, and integrity.

Be prepared at the beginning of every class with the necessary materials.

Follow directions.

Participate and do your best.

Gum, food, drinks other than water, cell phones, electronics, and headphones may not be used in the classroom (unless directed otherwise).

Backpacks must be left under your desk at all times.

One of the best ways to be successful in this class is to be present! If you are absent, it is your job to check the whiteboard for the weekly schedule and Canvas. You are responsible for retrieving and completing notes, turning in coursework, and scheduling missed assessments.

; fUX]b[Dc`]W]Yg

It is your responsibility to keep up with the coursework. If you are missing an assessment or any coursework, it will be entered as a zero and marked as missing in the gradebook until you turn it in. If an assessment or any coursework has not been turned in by one week prior to the end of the grading period, then the score will have a final grade of 49%.

Late work will be accepted for full credit up to 5 days after the end of an instructional unit or as discussed with the teacher.
