

December 1, 2023

Dear West Wing Parents,

Thank you to all of our parents and students for a smooth adjustment to our new arrival and dismissal procedures. The past few days we have been supporting the flow of pedestrian traffic by training our students to stay on the sidewalk, avoid bunching up at the corner, and to walk bikes or scooters in the crosswalk and on the sidewalks. Our City of Peoria Traffic Engineers have adjusted the timing of the lights to allow traffic to flush out faster which has already made a big difference. As with any change it will take time for all of us to adjust. Please review the items highlighted below and follow the procedures:

**Students biking or scooting to/from school will now walk their bike/scooter from the intersection of High Desert Dr. and West Wing Parkway to the bike rack and from the bike rack to the intersection.**

***Arrive on Time* means that the Lollipop gate will now open at 3:25 pm. Please do not arrive before 3:25 pm M-TH or 1:55 pm on Fridays. Vehicles are not permitted to line up before 3:25. Please do not form a line of vehicles and move along to circle back around until the gate is open.**

**No Stopping, No Standing, No Parking laws are in effect in front of our school. Signs line High Desert Drive and are in effect on parts of Maya Drive. Our School Liaison Officers will be assisting with reminders to drivers and enforcement.**

***Vehicles must Stop at the Stop Bar* – 84<sup>th</sup> Dr. and High Desert Dr. crosswalk has a stop bar. Please review [ARS 28-855](#).**

Please do not park on Maya Drive east of the school. If you want to walk your child to the gate, we ask that you now park at West Wing Park or Copper Hills and walk over to enter at the trail gate which is located on the west side of the campus.

If you have not used the Lollipop, please begin to as your child will get dropped off right on campus! We listened when parents shared that they do not use the Lollipop because their child will not be buying breakfast. We will now
